The True Glow™ Silicone Facial Brush is a face and body cleansing device that is intended to help you get clean and healthy-looking skin. The True Glow™ Silicone Facial Brush is not a medical device and is not intended to be used to treat any medical conditions such as acne.

If you are under a doctor's care for any skin condition or if you think you have very sensitive skin, please consult your physician before use.

Moisten your face and apply cleanser. Also apply a small amount of cleanser to the moistened brush. Do not apply pressure with the brush to the face; let the oscillation perform the cleansing. When finished, rinse with water and dry skin with a clean towel.
